

Porsche Club - London Region 2015

We are the most active region within the club. We have two regular meets which are a chance to meet other members, talk about cars and find out what is happening in the region. These are casual meets and non-members are very welcome to join us.

For club members we organise drives, other meets, weekends away and longer trips. Many events require sign-up, so that we can set accurate expectations with the restaurants/event locations or simply so that we can work out how many group leaders we need to organise.
